**Nonprofit Organization
Request for Legal Assistance Form**

Michigan Community Resources (MCR), home of Community Legal Resources, matches qualified nonprofits with volunteer attorneys. If your request is accepted and we find an attorney for you, all legal services are free of charge. Your organization is responsible only for out-of-pocket expenses such as copying costs and governmental filing fees.

This application will help us learn more about your organization and its legal needs. Please include any information that you think is useful, using additional sheets if necessary. It is important that you provide as much detail as possible. Be candid so that MCR's staff can evaluate your application quickly and fairly.

Please note that MCR cannot serve every nonprofit that requests legal assistance. We consider a number of factors such as the community and population the organizations serves, whether the organization can afford an attorney on its own, the capacity of an organization to work with an attorney, and whether the legal issue involves litigation. **We cannot guarantee that we will be able to find an attorney to help**, but we will strive to find a volunteer if your organization qualifies.

Submitting an application for legal assistance does not create an attorney-client relationship with MCR or its volunteers.

To be eligible for pro bono legal referrals through MCR, your organization must meet one of the following. Please check all that apply:

- (1) 51% percent of the organization's membership is comprised of low-income persons (defined as persons whose income does not exceed 125% of the Federal Poverty Income Guidelines) or organizations that serve low-income individuals or communities;
- (2) The organization's statement of purpose includes activities to benefit low-income, disadvantaged and/or distressed communities; **or**
- (3) The matter on which legal assistance is sought raises issues of significant legal consequence to low-income, disadvantaged and/or distressed communities.
