### WHO:

Community Legal Resources is a statewide nonprofit organization with a mission to support and empower nonprofit community organizations in Michigan that serve low-income individuals and communities, with an emphasis on community economic development, by providing pro bono legal services and technical assistance. Founded in 1998, CLR has provided over \$9 million in free legal assistance to over 900 nonprofits in Michigan and vacant property related assistance to over 200 community organizations in Detroit. Please visit [www.clronline.org](http://www.clronline.org) and [www.detroitvacantproperty.org](http://www.detroitvacantproperty.org) for more information.

### WHY:

Clients come to CLR through many different avenues – for legal assistance, through attending a legal education workshop, by attending a community meeting, from a need for technical assistance with neighborhood stabilization or revitalization, or as a recipient through a mini-grant. But they may not be aware of all the ways CLR can help their organization or of all the work CLR is doing to connect communities to the Detroit Works Project. This event will show how all these pieces fit together to the benefit of CLR's mission to support and empower low-income communities.
