**Description:** The small grants program is an outlet for organizations seeking smaller-scale assistance for non-educational focused projects. These grants range from \$100 to \$2,000. Small grant project requests must also fit within the Lowe's Charitable and Educational Foundation guidelines, available for review at <http://responsibility.lowes.com/wp-content/uploads/2012/12/Giving-Guidelines.pdf>. These requests are received on a rolling basis, with no specific cycle dates.

According to Lowe's Community Relations, Lowe's does not have a regional quota that determines where and how grants are awarded; they focus on what the goal of the project is and if it fits within Lowe's giving guidelines. Lowe's Small Grants Committee approved a request earlier this year in the Detroit area for a neighborhood beautification project, where the goal was to clean up the neighborhood and keep it safe for the residents.

**Activities Funded:** Projects focused on community improvement

**For More Information:** To apply, e-mail a project description and budget outline to [community@lowes.com](mailto:community@lowes.com) with a "Small Grant Request" subject line. Due to the large volume of requests, we are unable to respond to all requests and will only notify you if you receive funding, approximately three weeks after submission.
